

CAT-FREE MOUNTAINS

SCENE 1

Charlie the cat is very hungry, so he tries to cross all of the 3-point mountain ranges to find food. He doesn't make it!

Directions

Play every group of 2 from left to right—but **STOP** before the last group of three.

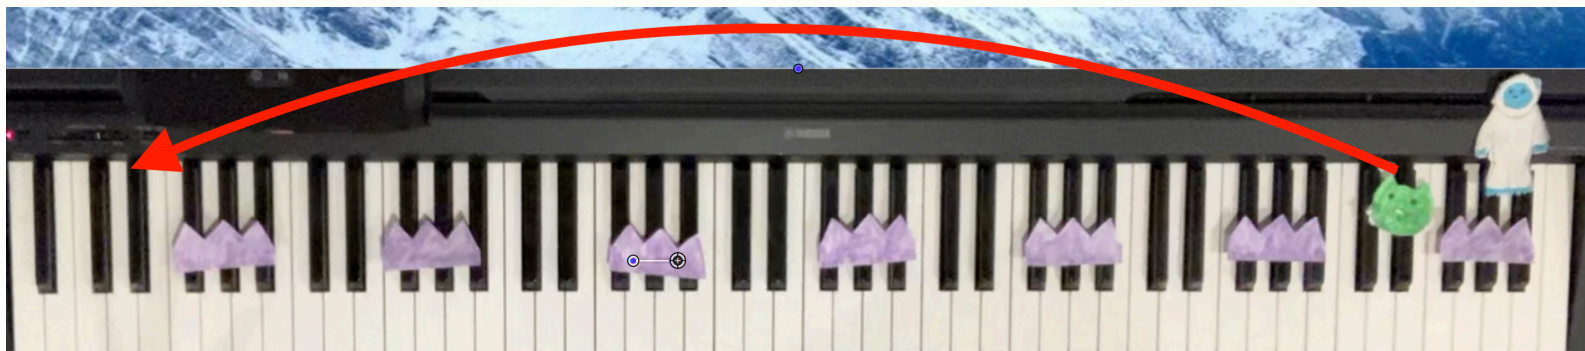

SCENE 2

Before Charlie can finish crossing the mountains—Yasin the Yeti, who is allergic to cats, sneezes and sends him flying AAAAALLLLL the way back to where he started.

Directions

Lift your hand and go AALLL the way back down to the lowest group of two.

SCENE 3

Yasin the Yeti feels bad about sneezing Charlie the Cat so far away. He wants to go say sorry, so he travels down all the of the three-point mountains to where Charlie is.

Directions

Play all 3 keys in every group of three from HIGH to LOW. You must SKIP the groups of twos—these are not Yasin's mountains.

SCENE 4

Yasin can't stop himself from sneezing when he gets to Charlie! He plugs his nose, and sneezes **BACKWARDS**.

Charlie thinks Yasin wants to play, so he wiggles his legs and leaps after him. This makes Yasin sneeze **AGAIN...**and Charlie keeps chasing him.

Directions

1. Lift your hand from the lowest group of three, and land on the **NEXT HIGHEST** group (to the **RIGHT**).

2. Play both keys in the bottom group, one by one, repeat a few times, then play the next group of two.

3. Repeat **ONE TIME** from new spot

Scene 5

Every time Yasin sneezes, it gets a little bit worse. This time, he sneezes himself all the way back to where he started.

Directions

Lift from the last group of three you played and go all the way to the **HIGHEST** group of three.

ENDING

Yasin hides so Charlie can safely pass by the last mountain

Directions

Play every remaining group of two until you reach the highest one!
